# How research participation works at school / daycare

A quick guide for families from **OSU Cognitive Development Lab**

**Parent gives permission**
complete form at any point during school year

You can sign up at any point during the year!

**Trained OSU researchers visit**
all complete background checks + trainings to work with children

CLICK LINK HERE

**Your child is invited to play a short + fun research game!**
most games take 10-20 mins

**Participation always optional**
your child can *always* choose whether or not to play games

**Your child receives a prize + returns right back to class!**
prizes include stickers + toys

## Families can feel comfortable knowing:

- Researchers are **trained** to work w/ children
- Researchers complete **background checks**
- Games are short + **age-appropriate**
- Information is kept **confidential**
- Data analyzed by **group**, not individually
